**DIES AT HOSPITAL**

Auto of Victim Wrecked as He  
Is Driving Home from  
Work

As a result of injuries sustained late  
yesterday afternoon when the car in  
which he was riding was struck by a  
special westbound Erie freight train,  
Charles Moran Coulson, 20, of 217 N.  
Grand-av, died shortly after 9 o'clock  
this morning at City Hospital.

Death was attributed to a fracture of  
the skull.

Coulson, a car inspector for the Erie  
Railroad Co., was returning home from  
work, alone in his car, when the accident  
occurred. According to witnesses  
of the crash, he had been going south  
on N. Grand-av and had stopped to  
look for a train before attempting to  
cross the track.

Thrown from Car  
Coulson was thrown from the car by  
the impact of the collision, and the  
machine, a total wreck, fell on him.  
He sustained a fractured skull and  
bruises about his body. He was taken  
to City Hospital in the Schaffner-Queen  
ambulance.

Coulson had been employed as a car  
inspector for the Erie more than five  
years, relatives said today. Although  
the train which struck his car was a  
special, it is their belief that the theory  
of several bystanders that he had seen  
it and had stopped to look for it, and  
then had stalled his engine on the track.

Ray Levin, 400 Van Buren-st., also  
an Erie car inspector and a co-worker  
of Coulson's, witnessed the accident.  
Coulson was driving a Chevrolet touring  
car.

Mr. Coulson made his home with  
his mother, Mrs. Clara M. Coulson, at  
217 N. Grand-av. He was a member of  
Buckeye Circle, No. 237, Order of  
Knights and of the Carman's Union. He  
was born in Morgan County, where his  
mother and father had always made  
their home. Sept. 21, 1902. He later  
resided in Athens County and came  
here with his family in 1913.

His father, William B. Coulson, pre-  
ceded him in death Sept. 15, 1906.  
Young Coulson had never married.

Surviving with his mother are a sister,  
Mrs. Mary Alexander, E. Mark-  
ster, and four brothers, James L. Coulson,  
314 Chicago-av, and William Wayne,  
Ernest W. and Everett W. Coulson, at home.

Arrangements for the funeral have  
not been completed. The body was  
taken from the hospital to the C. E.  
Curis & Co. Funeral Home, E. Center-  
st.

The importance of absolute rest in  
the treatment of after-effects of in-  
fantile paralysis was the keynote of an  
address on orthopedic surgery given by  
Dr. Albert Stern, of Mt. Sinai Hospital,  
Cleveland, at the monthly meeting of  
the Marion County Medical Society held  
at the Hotel Harding last night.

Dr. Stern, author and nationally  
known authority on orthopedic sur-  
gery, who was the principal speaker  
at the meeting, illustrated his talk with  
pictures taken of cases which have  
come under his supervision. Touching  
on the treatment of infantile cases, Dr.  
Stern urged the rest treatment to pro-  
duce the best results.

Absolute rest for a period of at least  
one year was declared by the speaker  
to have been found the most effective  
in the treatment of this disease. He  
also talked on the treatment of frac-  
tures and on diseases of the bones. The  
meeting followed a 6 o'clock dinner.

**ANOTHER BOMB**  
Explosion Terrorizes Auburn Park  
Highlands District, Chicago

Chicago, April 4—Explosion of a  
powerful bomb terrorized the Auburn  
Park Highlands district early today.  
Residents nearby were awakened by  
the thunderous detonation and a simul-  
taneous crashing of window panes. The  
bomb was set off in a vacant store-  
room next door to a shoe repair shop.  
Investigators blamed labor troubles, stat-  
ing there was no evidence to connect the  
blast with the current political conflict.

the late Senator Frank B. Willis,  
buried here yesterday, was on foot  
today under the direction of  
Bruce Burgess, president of the  
Delaware Willis-for-President Club.  
According to Burgess' plans the  
memorial will be non-political in  
aspect. The memorial would be  
erected in Delaware, where Senator  
Willis maintained his residence  
throughout his private and public  
life.

**TROTZKY SHOT  
BY ASSASSIN;  
IS NEAR DEATH**

Deposed Master of Soviet Rus-  
sia Somewhere in Russian  
Turkistan

London April 4—Leon Trotsky, one  
of the deposed masters of Soviet Rus-  
sia, today was believed to be dying  
in exile somewhere in Russian Tur-  
kistan as the result of an assassin's  
bullet which lodged in his spinal  
column.

The famous leader was shot in the  
back by a member of the "Young Com-  
munist" group, an ultra-radical orga-  
nization of the Reds, according to  
advice received today by the Morning  
Post.

The shooting is believed to have  
occurred last Saturday. The as-  
sassin was variously reported as  
being a Caucasian and an Armenian.  
The Stalin government has made every effort  
to hush-up news of the shooting and  
because of this no further details are  
known.

Numbers of the attack upon Trotsky  
have been current in Moscow for sev-  
eral days. Late yesterday, various  
embassies in Paris are reported to have  
received semi-official confirmation of  
the shooting from Moscow.

Will Hush Details  
Should Trotsky die, it is not expected  
his death will be known for some time  
afterward because of the Soviet Gov-  
ernment's shroud of secrecy.

Just where the shooting occurred  
can only be conjectured. In January,

**DIVISION MADE OF  
LOCAL STOCK UNITS**

Certificates for Marion Steam  
Shovel Co. Shareholders Ex-  
pected in Few Days

Certificates for the new Marion  
Steam Shovel Co. stock, representing  
the division of the original units, con-  
sisting of one share of preferred and one  
half share of common stock, are ex-  
pected to be received by stockholders  
within a day or so, according to  
George B. Knapp, local broker.

The division of the stock units was  
completed Monday in New York City  
at the office of the company there.

The last sale of the former stock  
units was recorded at 120. The com-  
mon stock went on the New York City  
Market Monday, opening at 20 and  
closing at 47, representing a loss of  
three points for the day. The new for-  
der was 175. Yesterday's listings were:  
high, 45 1/2; low, 47 1/2; close, 47 1/2.

The par value of the new preferred  
stock is \$100. Shares to the value of  
\$2,000,000 have been issued.

The 50,000 shares of common stock  
have no par value. The preferred  
stock calls for a dividend of seven per  
cent. Besides the common and pre-  
ferred stock there is \$2,600,000 in six  
per cent. bonds.

**20 PER CENT INCREASE**

Addition of Concrete and Steel,  
Will Measure 60 by  
0 Feet

To take care of increased volume of  
business the Commercial Steel Cast-  
ing Co. started work yesterday on an ad-  
dition to its main factory building.

The addition will measure 60 by 120  
and is expected to be completed in five  
weeks. It will be of steel and concrete  
construction, similar to the present fac-  
tory buildings.

Contract for work has been let to the  
Bellevue Bridge & Iron Co.

Recent reports have indicated that  
business of the company is registering a  
marked increase. In order to take  
care of orders, it has been necessary to  
operate the present plant with a full  
day force and in addition to employ a  
partial force of men at night.

John D. Owens is president of the  
company and Frank Glosser secretary  
and manager.

**LINDY IN SECLUSION

Lone Eagle Retires from Lime-  
light To Secure Needed  
Rest

Santa Barbara, Calif., April 4—Ret-  
ired, at last, weary of the world's show-  
business, Cal. Charles A. Lindbergh  
today is enjoying a respite from his  
role of the world's most overworked  
man.

That long rumored withdrawal from  
the limelight has at last eventuated.  
The Lone Eagle has found quiet seclusion  
on the country estate of Mrs.  
Harry F. Knight, a few miles from  
Santa Barbara. There he will remain  
indefinitely, according to his friend,  
Harry F. Guggenheim, president of the  
Guggenheim Foundation for the ad-  
vancement of aeronautics.

"Believe me," Guggenheim empha-  
sized, "the whole world won't be able  
to reach Lindbergh now. He's going to  
get some rest—at last."

None, aside from his intimate  
friends, knew where the flying colonel  
was going when he took his plane aloft  
yesterday and disappeared over the  
horizon.

Hours after his departure from Santa  
Barbara, Guggenheim finally re-  
vealed that the flyer had gone to Mrs.  
Knight's estate, where he will be a  
guest for an indefinite time. News-  
paper and camera men, Guggenheim  
warned, will not be admitted to the  
Knight home as long as Lindbergh re-  
mains there.

**Suspension of Business For Good Friday**  
**Service Urged in Message From Mayor**

A official request for the ob-  
servance of a religious cus-  
tom, the first to be issued by a  
mayor, was issued by Mayor  
Earl Hazen today.

After setting forth that this is  
Holy Week in the Christian  
churches throughout the world and  
that Friday will be observed as  
Good Friday, the mayor suggests  
that all business cease during the  
hours between 12 and 2 o'clock on  
that day, the hours in which union  
services will be held at the First  
Presbyterian Church.

No hard and fast rule will be es-  
tablished at the City Hall. The  
closing of offices during these hours,  
the mayor said.

"I am not asking heads of any  
of the departments to close their  
offices during these hours. If any  
choose to close, however, they will  
have my personal approval," he  
stated.

City Clerk Kober and City Audi-  
tor Landis have notified their in-  
tention of closing their offices from  
12 to 2 o'clock. Other officials  
were not certain of their plans.  
It is the general opinion, however,  
that all of the offices will close  
during these hours.

**HAYS TO FACE  
REAL QUIZ BY  
SENATE GROUP**

Movie Czar Will Be Handled  
Without Gloves on His  
Appearance

Washington, April 4—Will H. Hays,  
former Republican national chairman,  
next year of all moviebois, will face  
a real grilling by the Senate Teapot Dome  
Committee on his next and fourth ap-  
pearance in the witness chair, mem-  
bers said.

Hays will be called shortly after  
he returns from a trip to Europe to  
explain a number  
of matters not  
touched upon or  
omitted from his  
testimony on three  
different occasions  
since 1924. Com-  
mittee members  
planned to handle  
Hays with a "without  
gloves" plan, when  
he makes his next  
appearance as a wit-  
ness.

Hays will be interrogated on four  
important subjects:

1—Alfred H. Hays' charge that  
Hays influenced him to say that the  
notorious \$100,000 "loan" came from  
Edward B. McLean, Washington pub-  
lisher, instead of from Edwin L.  
Dowsey, the actual donor.

2—The discovery of a large number  
of 4 1/2 per cent Liberty Bonds in Hays'  
private banking account at Sullivan,  
Ind., deposited at a time when Hays  
was reported "broken" due to specu-  
lations in the stock market.

3—The statement of Hays that Harry  
F. Sinclair returned to him \$68,000  
in Liberty Bonds when James D. Con-  
nelly, the "go-between," swore that  
Hays only got a few thousand, the rest  
going to pay off his stock market debts.

4—The charges of the late Senator  
Edwin F. Dwyer, of North  
Dakota, revealed through other sen-  
ators, that Hays tried to influence him  
to block the Teapot Dome investigation  
while Ladd was chairman of the Senate  
Public Lands Committee.

Endorsement of the activities of the  
Marion Civic Association was voted at  
the meeting of members of the Marion  
County Federation of Women's Clubs  
held last night in the ballroom at Hotel  
Harding. It was voted to cooperate  
with the organization in carrying on  
the work of civic improvement.

The meeting marked the close of the  
program activities of the federation for  
the season, and following a short busi-  
ness session, students of Harding High  
School presented an entertaining pro-  
gram under the auspices of Miss Frances  
Raubauer, a member of the program  
committee.

Richard Cheney, endorser, presided  
as active chairman and the program in-  
cluded the induction service of the  
National Honor Society and a playlet,  
"Joint Officers in Spain." Members  
of the executive board held a short busi-  
ness session preceding the regular meet-  
ing.

**FOUR ESCAPE**

Five Prisoners Make Daring Break  
From County Penitentiary

Syracuse N. Y., April 4—Five pris-  
oners made a daring break from the  
Onondaga County Penitentiary at  
Jameville this morning, four of them  
successfully eluding a large posse of  
guards and deputy sheriffs who were  
ordered out to conduct a manhunt  
throughout the surrounding country.

The prisoners who made the break  
were Jean Dennis, 30, Dominick Neal,  
31, Thomas Dwyer, 30, Frank Hynes,  
25, and Walter Hall, 25. Hall was  
captured about two hours after the  
escape.

The men, all employed in the insti-  
tution's kitchen, escaped by removing the  
lock from the outer door and sealing  
the outer fence while the guards were  
being shifted. All were up for long  
terms.

**FESS CHOICE  
AS KEYNOTER  
IS SURPRISE**

Considerable Speculation as to  
Reasons Underlying Selec-  
tion of Ohioan

Washington, April 4—The selection  
of Senator Simon D. Fess of Ohio as  
temporary chairman and keynote orator  
of the Republican national convention  
somewhat surprised the politicians of  
Washington today. And there arose  
the question of the reasons for the  
choice.

Fess was chosen by Chairman Wil-  
liam M. Butler, who is in favor of  
leading "President  
Coolidge."

Fess himself was the original  
promoter of the  
convention, and he still is in favor of  
the convention's disregarding the fact  
that "I do not choose to run" statement  
and again impressing the president into  
service. In Washington and out of  
Washington, on numerous platforms,  
the Ohioan has preached the doctrine  
of Coolidge, and has persistently stated  
his belief that once drafted Mr. Cool-  
idge would not refuse to run.

Hence, his selection as temporary  
chairman and keynoter was received  
in Washington with a slight element  
of surprise on the part of political  
observers generally.

If, as sometimes happens, the key-  
noter is made permanent chairman, and  
if the Republicans at Kansas City 10  
weeks hence get themselves into a dead-  
lock and turn their eyes again toward  
the White House it might be fortunate  
indeed to have in the chair a friendly  
and kindly disposed member of the  
dread Coolidge club.

It would have been difficult to find a  
better more representative of the  
administration than Senator Fess. He  
has been a constant and invariable  
supporter of Coolidge's policies, and not  
infrequently he has been "the White  
House spokesman" on the Senate floor.

puty marshals to supervise the election  
in Chicago April 10.

Attorney General Sargent sent the  
following telegram to A. C. Anderson

"In response to your request for au-  
thority to appoint special deputy mar-  
shals in the coming primary election,  
I find no ground for altering the de-  
cision made two years ago upon a simi-  
lar request from you that there is

Says Commission Should Cut  
Appraisal of Leaseholds;  
Hearing at Columbus

**BULLETIN**  
Columbus, April 4—After a 90-  
minute hearing here today the  
State Utilities Commission ordered  
a recess until April 24 in the  
Legan Gas Co. rate case.

The hearing was devoted prin-  
cipally to the submission of testi-  
mony by Harry R. Allensworth,  
local rate expert, on behalf of the  
state and various communities pro-  
testing against the company's ap-  
plication for approval of increased  
rates for natural gas service.

Allensworth today completed in-  
roduction of his direct testimony.  
The recess was for the purpose  
of affording counsel for the com-  
pany opportunity to study a trans-  
cript of Allensworth's testimony,  
with the view of subjecting him to  
cross-examination when the  
hearing is resumed April 25.

Columbus, April 4—Testimony by  
Harry R. Allensworth, prominent local  
rate expert, in support of his judgment  
that the valuations of the Legan Gas  
Co. as its leaseholds and working cap-  
ital should be reduced at least \$16,750,-  
421,222 featured the hearing resumed  
here today by the State Utilities Com-  
mission relative to protests lodged by  
various cities, villages and rural com-  
munities throughout Ohio against the  
company's application for increased  
rates for natural gas service.

Allensworth, employed on behalf of  
the state and the protesting commu-  
nities, recently apprised Ohio property-  
holders of the Legan Gas Co. Employed by  
the state also, in connection with the  
Utilities Commission's attitude, in-  
vestigation of telephone rates, Allens-  
worth testified at a public hearing held  
by the commission a short time ago that  
the Ohio Bell Telephone Company's  
valuation of its properties, for rate-  
making purposes, was "excessive by  
many millions of dollars."

On the witness stand today, Allens-  
worth voiced the opinion that the com-  
pany's valuation should reduce the Legan  
(Gas Company's) appraisal of \$16,750,421.20  
as "gross value" of its leaseholds to  
\$250,000.74 a reduction of \$16,500,-  
421.20. And he would lower the company's  
valuation of \$1,714,063.83 as "working  
capital" to \$1,174,063.83, a reduction  
of \$540,000.00 or a total reduction of  
\$16,750,421.20.

Testifying on the subject of gas lease-  
holds Allensworth pointed out that  
the company's appraisal, as of Dec-  
ember 31, 1926, with a total of \$25,075,322  
on which the consideration paid for  
acquisition of leasehold rights was

Seward, Alaska, April 4—Capt.  
George W. Wilkins, noted explorer,  
plans to launch his flight over the  
North Pole tomorrow morning at 8  
o'clock, according to a wireless message  
received here today from Point Barrow,  
where Captain Wilkins and his  
pilot, Carl Kelen, are preparing to  
take off.

The objective of the polar flight is  
Spitzbergen on the other side of the  
Arctic Circle.

A condensation of the Arctic storm  
which have caused delay in the take-  
off, is reported by Captain Wilkins in  
his message. Although the climate is  
growing favorable, the barometer at  
Point Barrow continues to fall, the  
message states. This may necessitate  
another postponement.

of the National Banking Co. at  
Cretion Tuesday, when two bandits  
held up Harry J. Latham, president  
of the bank, and escaped with ap-  
proximately \$1,000.

Part of the loot was recovered from  
Latham's room at Westwood, accord-  
ing to Chief Detective Edward Mc-  
Donnell, detailed on the case. Mc-  
Donnell said Latham admitted taking part  
in the hold-up and that his brother,  
Leslie of Akron, had assisted him.

## ONE BALLOT CAST

Lowell Guthery First on Absent Voters List in Marion County

Only one Marion County voter has taken advantage of the absent voters' ballot privilege as a means of voting for delegates to the national and state conventions according to an announcement made today at the office of the Marion County Board of Elections.

So far only one application has been made for an absent voters' ballot to be cast at the preferential primaries to be held April 24, according to Mrs. Ralph

## BUILDING INSPECTOR LOCATED IN OFFICE

New City Department Prepares for Work of Remedying Sewer Defects

The Department of Building Inspection, the latest division to Marion's municipal family, with Carl H. Tozer, former assistant city engineer, as building inspector, has been formally installed in the office originally set aside for the Municipal Court stenographer on the first floor at the City Hall.

Inspection of sewers for the purpose of correcting faulty connections will be given first consideration, the new inspector said today. It is also the plan to make inspection of electric wiring and of chimneys, as the city has no building code at the present time. However, such inspections will be made under the state code.

A city code will probably be adopted later which will cover more extensively all kinds of building.

**Center on Sewer Problem**  
In view of the fact, however, that the office as created largely at the urgent suggestion of the State Health Department for the purpose of correcting the pollution of Rock Swale ditch and the Little Sciota River because of

wrong sewer connections, special efforts will be made both to remedy that situation to prevent further errors.

It was the recommendation of E. H. Waring, chief engineer of the State Department of Health, that the plan of having the building inspector search out the wrong connections be tried out for several months, then if the work does not move with enough speed to assure all such connections being checked by the end of the summer, he proposes that a corps of engineers be brought in from out of the city and the survey cleaned up in a short time. In order that everything may be in readiness for the correction of the connections next year.

The cost of making the corrections will be borne by the city it has been ruled by City Solicitor Geran.

## BIRTHDAY PARTY HONORS HOSTESS AND GUESTS

Married April 3, Mr. and Mrs. W. L. Warwick entertained at their home near Deamuck in honor of their fifth wedding anniversary and the birthday anniversary of Mrs. Warwick's sisters, Mrs. Hazel Bailey, of Marion, and Misses Berdine Thompson and Geraldine Thompson of Marietta, all occurring within a week. A dinner was served by the hostess. Those present were Mrs. Mary Porter and Miss Helen Porter, of Green Springs, Mo., and Mrs. Charles Warwick and sons, Rolla and Clarence, of near Claridon; Mr. and Mrs. Frank Bailey, daughter, Mayline, and David Thompson of Marion; Mrs. L. M. Thompson and daughters of Marietta.

## Indoor job no handicap; anyone can keep fit

Ambitious clerk finds way to beat the game

"EASY", HE SAYS

"I WORK in an office. That means that I've got a raft of details on my mind. And I've got to be right up to scratch every moment. You know how hard-boiled the chief can be if I can't dig up the right data at just the right moment. Hard work—long hours—a good deal on my feet.

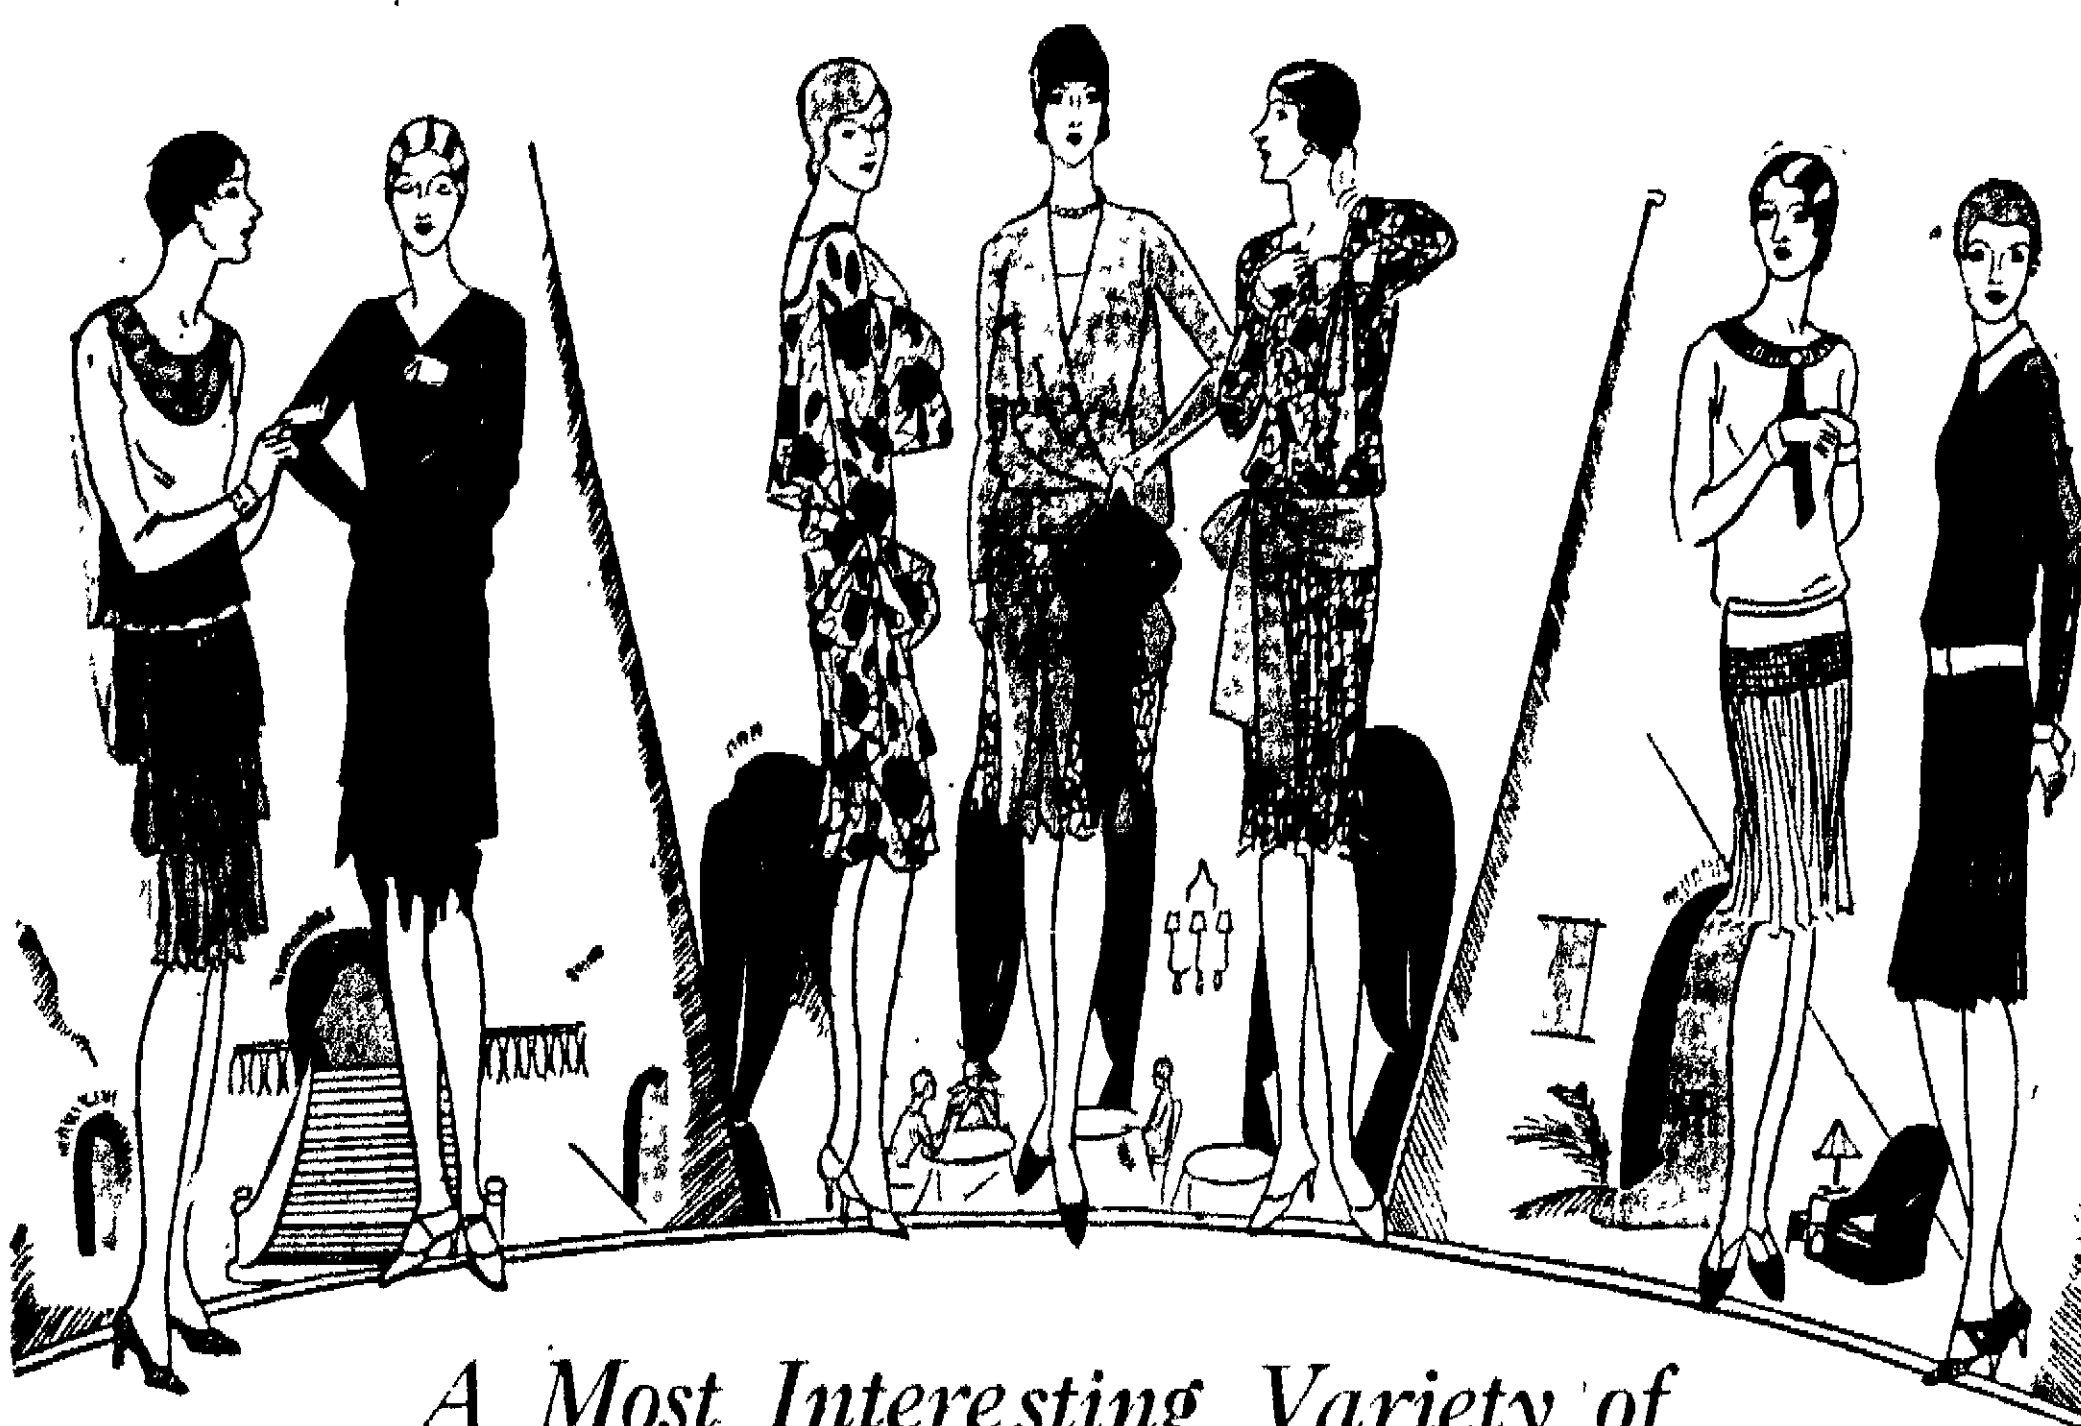

"And yet I manage to be full of pep. What's more, I've got a real interest in my job—looking ahead, you know, to a little niche at the top for yours truly. I've just got to keep fit.

"How do I do it? I can't take time for golf. But I do take Nujol. And Nujol takes care of me."

Nujol is just a natural substance containing no drugs or medicine. Nujol was perfected by the Nujol Laboratories of the Standard Oil Company (New Jersey). It keeps the body functioning as nature meant it

to, even under abnormal sedentary conditions. It not only prevents the excess of body poisons (we all have them) from forming, but aids in their removal. Follow this advice and take Nujol regularly. You'll be amazed to find how much more energetic and efficient you will feel—and be. Take it steadily for three months and watch your improvement. It can't do you any harm, certainly, and might do you a lot of good. Be sure you get the genuine.

## Willis is Laid to Rest Beside Graves of Parents in Cemetery at Delaware

Countess Glee Club Lifts Voice in Same Song It Was Singing  
as Late Senator Expired: Thousands of  
Friends Pay Tribute

April 4—Beside the graves of his mother and father, in the family plot in the 11-13 Cemetery, the body of Frank B. Willis was laid to rest yesterday afternoon following a final tribute paid by the Countess Glee Club.

Thousands of friends of the late senator gathered here yesterday to pay a final tribute to the departed statesman. An apparently endless line passed the bereaved during the day until the funeral services. Many who were unable to gain an entrance to the chapel for the funeral rites after it had been filled to its capacity, heard the services from loudspeakers placed on the outside of the building.

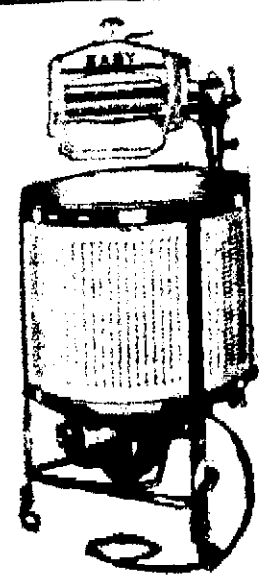

That Senator Willis was a true American was the unanimous sentiment expressed in orations delivered by his closest friends, Senator Simeon D. Fass of Ohio; former Congressman Ralph D. Cole of Findlay; Dr. Albert Edwin Smith, president of Ohio Northern University; and Charles A. Jones, secretary to the senator. Weeping in his speech during the oration, President Smith broke down and wept at the end.

From a pocket testament which Senator Willis had carried and was in his pocket when he died, Dr. Otto Scott Steele, pastor of the Asbury M. E. Church of Delaware, read passages which the senator had marked.

Statesmen and notables of political circles from all parts of the country attended the final rites. Gov. Vic Donahy, accompanied by his wife, headed a delegation of state senators and representatives.

In the rear seat of a funeral car, the senator was laid to rest in the family plot in the 11-13 Cemetery, the body of Frank B. Willis was laid to rest yesterday afternoon following a final tribute paid by the Countess Glee Club.

**PATTERSON LEAVES**  
Athens, April 4—Resignation of Dr. John Patterson, president of the Ohio State Teachers' Association and superintendent for the Athens Public Schools, was announced today. Patterson served as superintendent of the Athens Public Schools.

**KILLED BY AUTO**  
Toledo, April 4—Sidney E. Barnes, 70, Toledo, was killed here when struck by an auto driven by a woman, said to be Mrs. Hazel Douglas, Toledo.

**HELD ON CHILD'S STORY**  
Cleveland, April 3—Because the story of a three-year-old girl was substantiated by relatives and neighbors, the child's father and brother were arrested in connection with the death of Steve Telesjar, 45, whose body was found on the bench near North Perry, Ohio, April 1. The dead man had been missing since Dec. 25, last, it was said. According to the child's story, Telesjar came to her home and was beaten and hurled downstairs during an altercation with her father and brother. Later the body was thrown into Lake Erie, the little girl told neighbors.

**ACCIDENTALLY KILLED**  
New Philadelphia, April 4—Funeral arrangements were being made here today for Arthur Rose, 45, who was killed accidentally last night, at his home near Beach City, by the discharge of a shotgun he was cleaning. Rose and his adopted son were cleaning their firearms after an afternoon of crowd shooting. After inserting a shell, Rose laid the gun at his side, when it was discharged.

## APPLICANTS FILING FOR TRAINING CAMP

Two Local Young Men Included  
in List Announced at  
Fort Hayes

Two young men from Marion are included in the list of applicants for next summer's Citizens' Military Training Camp, announced today at headquarters in Fort Hayes, Columbus.

The two local applicants are Ronald Thomas Berry, 25, Oak Grove, and Leonard Thomas Parker, 20, Woodrow av.

These young men will form part of the contingent of 35,000 whom the government will train throughout the nation this year and although the first of the best camps does not open until June 20 at Fort Benjamin Harrison, near Indianapolis, army officers at the head of the local CMTI enrollment campaign estimate that the quota of 35,000 set by the Government will be reached by the middle of May.

The first barracks camps located at Fort Thomas across the Ohio river from Cincinnati and Camp Knox, near Louisville, open in July. All three camps are of 30 days' duration and all necessary expenses are borne by the government.

## Do You Believe In Fair Play?

Business and times have changed. No longer is it possible for your Gas Company to produce and supply gas to the City of Marion and make money at the present rate.

Your Gas Company has always played fair with Marion. It has laid its cards upon the table and shown exactly why it is necessary to have a more profitable rate.

Each day that the rate question remains

unsettled means that Marion is losing. It makes it impossible for Your Gas Company to make extensions, to increase its service, to assure Marion a steady and un-failing supply of gas.

Politicians have sought to mislead you by bickering before the City Council and Public Utilities Commission.

The average gas rate for the United States is \$1.22 per thousand cubic feet. The Gas Company asks only \$1.00 for the first 500 cubic feet, or any part thereof, and 60c net per thousand cubic feet thereafter. Forty-six cities and towns served by the Company are paying such a rate.

Now is the time for the people of Marion to show their sense of justice and fair play. The gas rate must be taken out of politics and recognized for what it is—a business proposition.

Your City Council is anxious to do what you want done. All they want is public support. For more than three years politicians have been holding Marion back—making it impossible to settle the gas rate on a fair basis.

Your Gas Company comes to you. It asks you for the sake of the future of your city to assert your rights as a voter and taxpayer and settle the gas rate for years to come.

GAS  
IS  
worth  
more!

New York, April 4. — Bringing out a New York debutante costs from \$10,000 to \$150,000. Most of which goes to dressmakers, the florists and the hotels where the "coming out" parties are given. Some parents employ press agents to keep society editors informed.

The majority of debutantes were in the social bow at the age of eighteen. They were finished at select boarding-schools and usually spend a year abroad. Some are bright, vital and a little disarming to masculine hearts and others are shy, awkward and lacking the well-known neater pronoun.

If they have been presented at court prior to their debut, it takes on a little more significance. Vast sums, I am told, have been spent in engineering this gesture. It seems to mean more in social swank than anything else, dealing genealogical distinction.

A debut is in final analysis a bid for a husband as well as showing friends and relatives of parents what a fine daughter they have turned out. Broadly speaking, it indicates the debutante is in the matrimonial market and may be the best man win.

Personally I have never met a debutante, but being the polite boy I am, I once upon a limousine drove for one. Absent-mindedly she fumbled at her purse and then seeing I was not in uniform, bowed her thanks in a sort of

The difficulty with debutantes, it is observed, is they want to fly away with a duke. This may be due to their expert "finishing," causing the home-grown products to seem clods in contrast to elegant hand-kissers from overseas.

Several debutantes have made their bows amid fuss and fine feathers, and immediately turned from society to Bohemian sets. One married a rag-time king. Another the family chauffeur. Still another the manager of a chain store. And so on.

I have stopped watching a floor of dancers. There are certain men who employ a look-alike manner and are such terrible dancers I find myself with murder on my heart for the rest of the evening. And murder isn't refined.

It is interesting to sit behind Peggy Joyce in the theater. The other evening she came in swathed in chin-chilla, blooming with white orchids and spreading the scent of Oriental perfume. When she caressed the back of her hair, there was revealed a finger ring with a square-sized diamond the size of the old-fashioned two-cent postage stamp. If it wasn't the Kohinoor, it was its little brother.

Audiences show no signs of reforming in the

This is old by a photographer. A gentleman hired him and three of his fellows to stand at a theater entrance and take flashlights of the gentleman and his lady as they stepped from their auto. It seems the gentleman had a dozen guests waiting at the entrance for him and the gesture was, the photographer said, merely to impress them. That's one way.

In the past three weeks I have met four men who were failure at fifty—broke, jobless, down and out and two were in miserable health. No one of them is now sixty, but they are back on their feet physically and financially. Two are making more money than they ever made. I don't know how others feel, but this sort of news affects me busily.

I want to turn a few cartwheels in the street. The idea that men begin to slog an

## The Way of the World.

BY GROVE PATTERSON.

Authorities at the University of Wisconsin announce that several hundred "children" who entered the university last autumn are not coming back next autumn. And they use the word "children." These freshmen somewhere got the idea that college was a glorified playground. They went away to college to regound, and grow fat. It never occurred to them that it was a place of work and preparation. I'm sending boys to college who have not sufficiently grown up to know what it's all about. Or, at least, if they don't learn what they are there for by the middle of the first

year they had better go back to papa's mill.

We too little realize how much our contentment and peace of mind depend upon our own determination, our own deliberate effort of the will. Most of the miserable, unhappy people you know are those who sit down and cry, those who quit, those who give up to circumstances, those who refuse to make the deliberate effort to adjust themselves to the conditions of life. When you make up your mind firmly not to be miserable you have taken the first long step toward eliminating misery from your life. The courage to make a deliberate effort of the will is the thing we need, principally, to bring us into a state of contentment.

What this democracy needs is the good sense

to elect more democracy means is to elect a good man to elect more men to office on the basis of their fitness, their shrewd ability, their brains, their capacity for study and their capacity for work. We elect men now too much on the basis of their expressed beliefs about this, that, or the other thing. Men should not be elected to office simply because they voted in a certain way for a certain piece of legislation. They should not be elected to office because of their creeds. They should not be elected because they have held a number of minor offices and thus are supposed to be entitled to "political preferment." Men should be chosen by thinking voters and not by unthinking voters. They should be chosen because in their private lives and relations they have given proof of a capacity for thinking, for tolerance, for fairness, for mindfulness, and a capacity for hard and con-

There is nothing of greater significance in life than the personal angle. Nothing is so significant as the quality of our personal relationships. No sort of so-called success, no achievement, no matter how apparently triumphant, is worth the cost of friendship. It is not worth the disruption of personal relationships. No victory is worth the upset of friendliness.

## DITCH PETITION IS GRANTED BY BOARD

Commissioners Take Action on Lydanne Project in Big Island Township

The Board of County Commissioners have granted the application of James E. Smith for a branch to join the Lydanne ditch in Big Island Township. The application was granted at a hearing held yesterday afternoon.

The county surveyor has been instructed to prepare plans and specifications for the branch to be presented to the board on June 7.

The hearing on the entire Lydanne ditch system has been continued by the commissioners until 2 o'clock July 5.

Although plans and specifications and estimated costs are being prepared by the county surveyor the proposal is subject to the confirmation of the commissioners at the July 5 hearing.

# Inter-City Recreation Ball League May Be Organized

## MANAGER OF BUTLER AGGREGATION STARTS NEW PLAN FOR LOOP

Meeting Will Be Held in Near Future To Complete Organization

BY KATH R. McELROY  
Sports Editor

Efforts to organize an inter-city recreation ball league may take form within the next few days according to an announcement made today by A. J. Clemens, manager of the Butler team, one of the leading independent teams of Marion.

For the past several years such a league has been talked in Marion but the first formal action is being taken at this time.

Complete plans for the league have not been completed but will be taken up at an organization meeting to be held in the near future.

Besides the Marion team, recreation clubs from Kenton, Upper Sandusky, Bucyrus, Galien, Crestline, Danbury and Prospect will be invited to enter if present plans go through, eight teams from this list will compose the league.

Managers of recreation teams in these cities are requested to write or call Clemens or the writer for complete plans and meeting date. The above places were selected in an effort to have all teams within a 30 mile radius of Marion.

It is likely that one game will be played each week by teams in the league. Every other week teams are to play on out-of-town diamonds.

The best team has been playing in inter-city ball for a number of years, not being a member of any of the local leagues.

The Butler manager is planning to mail invitations to nine teams within the next few days announcing the date of the organization meeting.

Columbus and Dartmouth will meet on the gridiron next fall for the first time in five years.

## DANGER

Look Look

Your tongue is the best barometer of your physical condition. Look at it every morning before breakfast. If it is coated with white, yellow or brown coloring, and does not have a clean red appearance, you are constipated and not well.

Heed Its Warning

Constipation causes more ailments than all other diseases, and is the result of not having a daily bowel movement. Sick-headache, indigestion, biliousness and yellow complexion follow. Ask your druggist for a 25c red paper package of CARTER'S LITTLE LIVER PILLS.

"Safe Laxative". Take a dose at night and continue one pill after each meal. Don't stop—until your tongue is clean. You will be surprised at the tonic effect this doctor's formula will have on you. CARTER'S LITTLE LIVER PILLS.

## VETERAN PITCHER FLU VICTIM

Walter Johnson, former pitcher for the Washington baseball club, was forced to leave camp at St. Augustine, Fla., and return to Washington, suffering a severe attack of influenza. Although enroute to Johns Hopkins Hospital in Baltimore, he remained in Washington to be under the personal care of Dr. Kaufmann, physician for the baseball club.

## DRIVE STARTS TO CUT LEAD OF NAPRAPATH

California, Arizona and New Mexico Left Behind as Runners Enter Texas

Glenrio, Tex., April 4.—With California, Arizona, New Mexico but haunting memories of blistered feet and "shin splints," C. C. Pyle's caravan of endurance today pushed on to Vega, the hamlet of the northwest Texas farming district.

Leaving Glenrio, New Mexico, early this morning, after the official watches had been moved ahead on hour to eastern standard time, the 90 men sought to cut down the lead of Arne Suominen, Detroit napraphath, for the 1114.7 miles from Los Angeles to the New Mexico-Texas line.

Suominen has covered the distance in 184:10:30. Thirty-six miles today will be followed by the same distance tomorrow.

## CHANGES PLACE

Differences Result in Richard Shifting Fight to Polo Grounds

NEW YORK, April 4.—On the heels of Gene Tunney's message to the New York State Athletic Commission, officially notifying that body that he would defend his heavyweight title against Tom Heeney under the promotion of Tex Rickard, came a report today that the bout may be held at the Polo Grounds here July 17 instead of at the Yankee Stadium.

Financial differences concerning Rickard's lease on the stadium have caused a severance of diplomatic relations between the promoter and Col. Jacob Ruppert, owner of the stadium, according to the report.

## CALL ISSUED TO BUTLER

RECREATION BALL TEAM

A. J. Clemens, manager of the Butler recreation ball team, today issued a call for recreation ball players to try out for his team. A practice session will be held tonight at the Central Junior diamond. All former members of the team and others are urged to turn out.

## PARIS GOAL OF U. S. TENNIS PLAYERS

AMERICAN TEAM TO START ELIMINATIONS IN MEXICO THURSDAY

Davis Cup Challengers Must Travel Over Long, Hard Trail to Finals

BY DAVIS J. WALSH

New York, April 4.—Just one of the names now—the great or great players designated from right to left by those who are rich and those who only hope to be—American Lawn Tennis is about to begin the tedious back-trail over the trail that all but champions must travel. It is a long way to Paris, as H. H. Hobbes, discovered, as America will start tomorrow from Mexico City, one of the ruins of the country being that all Davis Cup challengers must take the worst of it or the air, in the order named.

In line with that idea, the American team, which for upward of eight years, led about Forest Hills and German town while awaiting the appearance of the ultimate challenger, has traveled some 3,500 miles into a foreign country and will begin its first round matches tomorrow at an altitude thousands of feet above sea level. This is the only break the Mexicans figure to get, at that. Unless our teams have fallen away 50 percent, Tilden and company could win this first round match in their street clothes.

Long Upward Climb

However, the event is only a foothold of the long upward climb before them. If they take it in stride, they can look forward to Kansas City, which is understood to be one of the things you do to that town. If successful against Mexico, they will play China at the mid-western metropolis on May 23, 25 and 26. Laundry baskets won't be permitted on the courts, so it is presumed that America will survive this one, too.

That being the case, they will be asked to appear next at Chicago on June 1, 2 and 3 where the survivor of the Canada-Japan-China series will be ready for the American zone final. Japan and America generally are estimated as the probable American zone finalists. If we win that one, we then can start for the scene of real show down, to wit, Europe.

## Will Be Strengthened

By that time, too, we will be up to war time strength with Kenes T. Hunter and perhaps with Williams and George Lott added to the squad. At present it is composed of Tilden, Wilfred Allison, John Hennessey, Junior Cogan and Arnold Jones and it might be worse, at that. Anyhow, they were good enough to survive the trials at Augusta, which was more than Lott could do. This might have been too much for the somewhat elderly Williams, too. Hunter, of course, belongs on any American team.

According to the announced line up, Tilden and Hennessey will play the singles tomorrow and on the third day, with Tilden and Jones teaming up to the doubles. Hennessey has been the stand-out singles man of the trip, as his victories over Tilden attest, but when and if the team qualifies for the European invasion, Hunter will be available as Tilden's partner in the doubles and as a definite rival for both Tilden and Hennessey in the singles. This trio figures to bear the burden of proof for the American invasion.

Jack Durney, professional instructor at the Olympia Fields golf club of Chicago, goes South each winter to fill a similar position at Biloxi, Miss.

NOTICE TO NON-RESIDENT DEFENDANTS

In the Probate Court, Marion County, Ohio, Case No. 9610.

Mary Harbort, as Administratrix of the Estate of Anna Naylor, Deceased, Plaintiff.

Frank Naylor, et al., Defendants.

Mary Naylor, who resides at Crownina, Michigan; Charles Naylor, and May Naylor, his wife, who reside at 2253 Irving Park Boulevard, Chicago, Illinois; and Milton Naylor, and Minnie Naylor, his wife, whose place of residence is unknown, will take notice that Mary Harbort, as Administratrix of the Estate of Anna Naylor, deceased, on the 22nd day of February, 1935, filed her petition in the Probate Court of Marion County, Ohio, alleging that the personal estate of said deceased is insufficient to pay her debts and the charges of administering her estate; that she did seize in fee simple of the following described real estate, to-wit:

"Situations in the County of Marion, in the State of Ohio, and in the City of Marion, and being known as Lot number Twenty-three hundred and forty (2340) in A. H. King's Addition to Marion, Ohio," and praying that said premises be sold to pay the debts and charges aforesaid.

Said persons above named are hereby notified that they have been made parties defendant in said action, as having or claiming some interest in said real estate, and that they are required to answer the same on or before the 25th day of April, 1935.

## Jubilee's Pardner

A Story of Humorous Boyhood Adventure

By JUDD MORTIMER LEWIS

Trippe what he done with Nibs' shirt and coat, and he said he couldn't find Nibs, so he took them to his grandmother and gave them to her. Nibs' folks are dead and he lives with his grandmother and grandpa, and they are very poor. We were around to his house after school to find out what had happened to him, and he had not went home, and his grandmother had people out looking for him. The Lost Bag of Trippe told her that he had got run over by a railroad train.

We all told her that he was under a car, and she said he was under a car, but it didn't hurt him. But she could not seem to understand and she was crying. So we went looking for him, and we would find him sooner but we almost ran slap-dash into the Lost Bag of Trippe, and we took time out to chase the dirty crook, but we don't catch him.

We found Nibs down back of the stins factory with a tire to keep warm. He had went back to our barn when he saw us and the girls, go to school, but couldn't find his clothes. I put him my coat, and we took him home to his grandmother. She wanted me to take a cent, but I would not do it. I wonder what the thunks I am.

I think we ought to catch the Lost Bag of Trippe and tie him to a railroad track, but it would be against the law. I told my folks about it and they laughed.
